Information Disclosure Statement

The information disclosure statement filed 1/28/04 fails to comply with the provisions of 37 CFR 1.97, 1.98 and MPEP § 609 because the publication listed does not include a date (see 37 CFR 1.98 (b)(5)). It has been placed in the application file, but the information referred to therein has not been considered as to the merits. Applicant is advised that the date of any re-submission of any item of information contained in this information disclosure statement or the submission of any missing element(s) will be the date of submission for purposes of determining compliance with the requirements based on the time of filing the statement, including all certification requirements for statements under 37 CFR 1.97(e). See MPEP § 609.05(a).

Response to Arguments

Applicant's arguments; see p. 9, filed 7/19/07, with respect to the objection to claim 1, and see pp. 9-10, filed 7/19.07, with respect to the rejection of claim 2 under 35 U.S.C. 112, 1st paragraph have been fully considered and are persuasive. The objection to claim 1 and the rejection of claim 2 have been withdrawn.

In light of the amendments to the claims the rejection of claims 1-24 under 35 U.S.C. 112, 2nd paragraph and under 35 U.S.C. 101 are also withdrawn.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The primary reason for allowance is the inclusion of a system comprising a suction source, a first medical device, a second medical device, a manifold, and a flexible flow valve, wherein the suction source is connected to a suction port of the manifold, a first device port accommodates the first medical device to receive suction from the suction source, and a second device port accommodates the second medical device to receive suction from the suction source and wherein the flexible flow valve permits simultaneous fluid flow between the suction port and both the first and second device ports, in combination with all of the other limitations of the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
